

John Deere 90 and 40 Series G4 TOOLBAR MOUNT STALK STOMPER

CAUTION

PLEASE REFER TO YOUR EQUIPMENT MANUFACTURER'S OPERATORS MANUAL FOR PERTINENT SAFETY PRECAUTIONS

Notes:

- Illustration shown is for reference purposes only, locations of items may vary.
Please refer to individual component parts listings for specific information.

* Square tubes, referred to as "Toolbars" are not included in all kits. If a Kit without Toolbars is ordered, the customer is responsible for providing necessary toolbars to complete the installation.

John Deere 90 and 40 Series G4 TOOLBAR MOUNT STALK STOMPER

Installation Procedure:

- Park combine on level ground and lock the brakes.
- Raise the head and lock in the upright position.
- Identify the proper locations to place the header brackets. Brackets should be placed between the row units and positioned as wide as possible.
- Remove the shields that are on top of the frame tube.
- Mount the Outer Header Brackets (42471) to the bottom of the corn head frame tube. Attach by placing the strap on the top of the tube, and connecting with the bolts and nuts provided.
- Some kits come with 2 rows under the feeder house opening. These center brackets (42475) and should be placed outside of the two center row units and attached with the strap, bolts and nuts provided.
- Return the shield and fasten securely, over the strap.
- Mount toolbar (2" x 2" square tube) to the mounting brackets using the 2" U-Bolts and lock nuts provided.

Note: Toolbars come in either 72" or 102" lengths, and may need to be cut to length for your specific installation.

John Deere 90 and 40 Series G4 TOOLBAR MOUNT STALK STOMPER

DETAIL A
SCALE 1 : 20

Installation Procedure:

- On flat ground, lower the head to approximate working height.
- Attach Toolbar Brackets using U-Bolts and nuts, behind the center of each row to be stomped.
- Lift Stalk Stomper Assembly into mating features on the mounting bracket and secure with pin and clip.
- Height can be adjusted by repositioning the shoe to the torsion unit. Each hole set will adjust the height by 1"

NOTE: Refer to G4 Stalk Stomper Instruction (Document 10274) for Setup, Operation, Maintenance, Transport and Storage Instructions
